

CONGRESSMEN ARE MAYNARD'S GUESTS

Thirty-Five Congressmen, Army and Navy Officers to Visit Jamestown.

SLANDER SUIT COMPROMISED

Cider Had Eighteen Per Cent. Alcohol and Made Temperance Patrons Hilarious.

(Special to The Times-Dispatch.)

NORFOLK, VA., January 27.—According to advice received here to-day, the congressional party that will arrive here Monday morning from Washington will include thirty-five men, all of whom will come as personal guests of Congressman H. L. Maynard, of this district; to visit the exposition site and to confer with exposition officials. In the party will be the sixteen members of the House Committee on Industrial Arts and Expositions, which is made up of the following congressmen: A. P. Gardner, Massachusetts, chairman; James S. Sherman, New York; J. D. Bowersock, Kansas; W. A. Rostenburg, Illinois; Joseph Howell, Utah; H. C. Woodyard, West Virginia; E. M. Pollard, Nebraska; N. W. Gillett, Indiana; James McKim, Illinois; P. J. LeFevre, New York; Charles L. Barlett, Georgia; Harry L. Maynard, Virginia; G. S. Legare, South Carolina; H. M. Goldslee, New York; M. L. Kline, Pennsylvania; and Joseph L. Rhinock, Kentucky. In addition to the congressmen, Mr. Maynard will bring other prominent men in Washington, including army and navy officers and several newspaper correspondents. After the party arrives in Norfolk the visitors will be guests of the Jamestown Exposition Company, whose officers and governors will entertain them and acquaint them with every phase of the exposition preparations and plans.

The \$10,000 damage suit of Ralph P. Gage, a former Norfolk attorney, now living in Denver, Colo., against Thomas H. Robbins, a builder, of Washington, D. C., was settled in the Court of Law and Chancery here to-day by a compromise. The Washington defendant, who was in court not only to a judgment for \$150, and agreeing to pay one-half of the costs of the case. Mr. Robbins was a former client of Attorney Gage, and it was alleged by Gage that Robbins charged him with using sharp practice on him. The action was one for slander.

ALCOHOL IN CIDER. Judge W. B. Martin to-day gave judgment for \$50.00 in the case of Coder Bros., merchants of Isle of Wight county, who proved that they had paid a retail liquor license for selling the beverage sold to them by Thomas H. Haynor, of Norfolk, as cider and guaranteed not to contain alcohol beyond the natural fermentation. The analysis of the United States showed that it contained eighteen per cent. of alcohol, and the facts showed that the people in the vicinity of the store became ill when they drank the cider. The merchants were enthusiastic temperance advocates and the county is under the local option law, hence the merchants declared that they were greatly distressed and chagrined by the predicament they were in. As the defendant had guaranteed the cider as a temperance drink and to pay the license if any should be charged the merchants sued and recovered.

ENSURING VICTIMS

Steps Should be Taken at Once to Prevent Further Trouble. Here in Richmond as in other cities and towns, dyspepsia or stomach troubles are ensnaring victims in a most insidious way. Nearly every mother's son of us and daughter, too, expects the stomach to accustom itself to all manner of ill-treatment, but the time comes when we cannot abuse it with impunity. How much better it would be to take steps at once to strengthen the stomach and prevent further trouble. Use Mi-o-na now and soothe the irritated walls of the stomach and strengthen the gastric follicles so that they will pour out their daily supply of digestive materials with regularity. Then the headaches, sleeplessness, specks before the eyes, poor appetite, tired feelings and nervousness will disappear, and you can eat what you want at any time you like. Mi-o-na is a combination of remedies, some of which are but little known in this country, and is a positive guaranteed cure for all diseases of the stomach excepting cancer. Just one little tablet out of a 50 cent box before meals, for a few days, and you will soon regain perfect health and strength, and have no fear of indigestion or stomach troubles. If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, post-paid, on receipt of price. Sample sufficient to show its value will be forwarded on request. The R. T. HERRING STANDS TRIAL FOR KILLING AHERNE NEW ORGANIZATION. Interest in Work of Virginia Library Association Increasing. Richmond Man to Answer Charge of Murdering a Friend—Hearing To-morrow. John Hunter Herring will be arraigned in the Hustings Court at 11 o'clock to-morrow to answer before a jury the charge of murder. He was indicted for murder at the September term of the Hustings Court, the evidence before the grand jury, briefly stated, being that on the afternoon of July 25th while on a westbound street car on Broad Street, he shot and killed his erstwhile intimate friend, Charles Aherne. The evidence before the coroner's jury at the time of the killing was that the two men, who had been on a spree, together boarded the Broad Street car near Laurel Street and were apparently the best of friends. When the car had reached the point just west of the Washington Bridge, the shooting occurred, Herring fired twice and one of the balls from the pistol went through Aherne's head. In three minutes he was a dead man. It was in evidence that Herring, when he realized what he had done, tried to shoot himself, but when he pulled the trigger the pistol failed to fire and before he could make further attempt he was overpowered and disarmed by the conductor and motorman on the car. Herring has been in jail since the day of the tragedy. The accused man will be represented by Mr. Harry M. Smith, and if the defense will be insanity as reported, the trial will probably consume two or three days. Herring had been for eight years a henchman for the Virginia Passenger and Power Company. He is well connected and has always borne a good character. CANDY OUT OF DIRT. Tons of Clay Used for Adulteration Shipped from Chesterfield. (Special to The Times-Dispatch.) CHESTER, VA., January 27.—From reliable authority it is stated that a firm not far from this place, presumably one of the "gray" earth, or something similar in the dirt line, to candy manufacturers, who are determined to contribute their share of every man's "peck of dirt," the proverbial rations of his earthly life, that is, if he lives long enough, and is fond of candy. "Dirt" is getting to be such a prominent component of all foods nowadays that the proverb should be a "bushel," if not more, and very Scripturally they may reason, "For dust thou art, and unto dust shalt thou (re-) turn." If you do not die of indigestion or appendicitis, before you eat enough to turn to dust. This "dirt" shipper states that ground stone, or granite, forms an ingredient of our dough, and helps to sweeten our
